Great, I will call you then.

Have a great week.

Maureen

Thanks – it went a lot better than the last time!

Friday works – I am free a bit part of the afternoon (after 2pm ET). I can set something up if there is a preferred time after 2pm?

Thanks!

Maureen

Oh, that's a chore! I do not enjoy moving. My calendar has filled up too, can we shoot for Friday? I'm free just about any time. Let me know what works best for you. And thanks for making the time. - Jon

Hi Jon

Thank you for your email, and patience while I navigated my relocation back to the DC area. I'm back in the office today, and would be happy to give you a call. Looking at my schedule, are you available tomorrow at 530pm ET for a quick call? Otherwise I can look for a time on Thursday or Friday if you have a preferred time.

Maureen

Hi Maureen. Thank you for your email and letter. Do you have some time in the next few days to visit about this? I'd like to share my perspective and try to better understand EPA's views. We could schedule a time or you could try to catch me at your convenience. My cell phone number is (b) (6) I don't think I would need more than 15 minutes. Thanks. - Jon

Good afternoon,

Thank you for your letter to Deputy Administrator Janet McCabe concerning scientific work NASEM may undertake on ethylene oxide. She asked me to respond to you regarding your request. Please find our response attached.
